

# GRANT WRITING

Urban Planning Partners provides grant writing services for local, State, and federal Grant programs.

Urban Planning Partners is skilled at managing multiple components of a project, over various agencies and team members, on a tight timeline, and all the while ensuring the end product is adequate and complete. These skills are critical to successful management of grant applications. We have developed relationships with staff working in various State grant programs and we actively track grant programs for funding opportunities which we share with our current clients as potential sources of construction or operational funding.

## SELECT GRANT WRITING CLIENTS

- ◆ MacArthur Transit Community Partners
- ◆ Bridge Housing
- ◆ Holliday Development
- ◆ City of San José Redevelopment Agency
